

Switzerland jobs

Associate Product Manager - Zurich

This position is based in Zurich, Switzerland.

The area: Product Management

One of the many reasons Google consistently brings innovative, world-changing products to market is because of the collaborative work we do in Product Management. With eyes focused squarely on the future, our team works closely with creative and prolific engineers to help design and develop technologies that improve access to the world's information. We're responsible for guiding products throughout the execution cycle, focusing specifically on analyzing, positioning, packaging, promoting and tailoring our solutions to all the markets where Google does business.

The role: Associate Product Manager

Associate Product Managers are talented, self-motivated, hard-working technologists who will guide our products through conception, development, and eventually, launch. You are entrepreneurial, ambitious, and have a proven track record of excellence in these areas, and we have several projects waiting for you.

As an APM you will be given access to unparalleled resources within Google to grow and develop both personally and professionally. This role focuses on breadth and rotation and is intended for candidates who want to gather valuable and useful experience.

Responsibilities:

- Understanding and analyzing user needs.
- Researching markets and competitors.
- Working with engineers to define products.
- Building and launching new products and features.
- Defining product vision and future direction.

Requirements:

- BA/BS in Computer Science or related technical field preferred (MS a plus).
- Passion for new technologies.

- Excellent written and oral communication skills.
- Strong organizational and analytical skills.
- Strong technical abilities.
- Demonstrated capacity for developing and understanding strategy.
