**The First IEEE International Workshop on Networks of Sensors, Wearable,
and Medical Devices for eHealth (NSWMD 2016)**

It is our great pleasure to welcome you to the 1st IEEE International Workshop on Networks of Sensors, Wearable, and Medical Devices Co-located with IEEE Local Computer Networks Conference (LCN 2016) in Dubai, United Arab Emirates. The workshop is intended to be a key forum to exchange knowledge and experience among researchers, developers and practitioners of networks of medical and wearable devices. We would like to thank all the authors of all submitted papers both accepted and rejected. Furthermore, we would like to express our gratitude to the program committee members who conducted reviews for submitted papers, and did their best to provide suggestions for their improvements. We hope this workshop will continue growing and be organized in the coming years along with IEEE LCN.

Amjad Gawanmeh
Khalifa University, UAE
Workshop Co-chair

Tanveer Zia
Charles Strurt University, Austalia
Workshop Co-chair

Shihab Jimaa
Khalifa University, UAE
Program Chair

Zahoor Khan
Higher Colleges of Technology, UAE
Publicity chair
